

# Japan's global hub for life science innovation and collaboration

Shonan Health Innovation Park Virtual & On-Site Membership Options

# Shonan iPark:

## Japan's global hub for life science innovation and collaboration

**One of Japan's largest mixed-model science parks, fostering innovation and collaboration** for pharmaceutical companies, bio ventures, academia, technology, AI, VC, and government agencies.

**Open to the world.** Hundreds of organizational members and thousands of individual members, together in a scientific community that advances new discoveries, partnership opportunities, and business success.

# of Companies at iPark

**110+**

New IPs\*\*

**34**

Accumulated  
total 252 IPs in  
2019

New  
Partnerships\*\*\*

**143**

Community  
Events

**120+**

\* Shonan iPark Community include residents (tenants) and membership companies

\*\* New IPs: In 2018, 40+ new Ips were registered

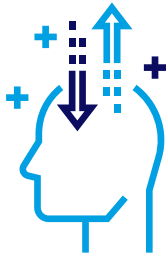

\*\*\* Numbers of IP and partnerships are based on the annual survey collected in May 2020 among the residents and member companies. The number is adjusted to eliminate redundancy in counting the number of partnerships.

# About The Shonan iPark Community

## A Collaborative Life Science Community

For pioneering life science organizations, iPark is one of Japan's only mixed-model science parks offering both virtual and onsite memberships—fostering a highly collaborative scientific community to advance discoveries, partnership opportunities, and business success.

## iPark Community Offerings

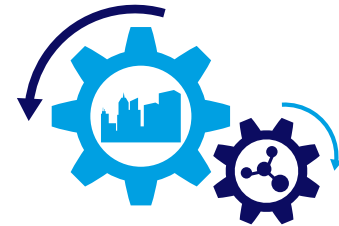

### EXPLORE

Explore a virtual hub in Japan for global life science leaders.

### COLLABORATE

Collaborate to advance research, create business alliances, and access the Japanese market.

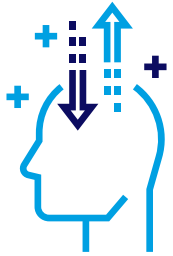

### DRIVE

Drive new discoveries and business milestones, progressing toward new frontiers in life science.

# iPark Community Offerings

## EXPLORE

a virtual hub in Japan for global life science leaders.

### Webinars

120+ webinars held at iPark annually.  
Access to a range of insights from cutting edge science to commercial strategies.

### Science Mentors

Scientific consultation  
(for non-confidential matters) is available to help navigate scientific approaches specific to Japan.

### Consulting Services

Free-of-charge consultation includes regulatory affairs, legal, IP and accounting. A team of iPark Samurai will help you navigate the Japanese market.

# iPark Community Offerings

## COLLABORATE

to advance research, create winning business alliances, and access the Japanese market.

### Virtual Partnering

Access to iPark's virtual partner platform is open 24/7, connecting you and your business to the right people and partners.

Partnering

Join a World of Innovation: Click, Connect, Collaborate

### Leader's Salon

Meet with C-suites executives in the community to network and spark collaborations.

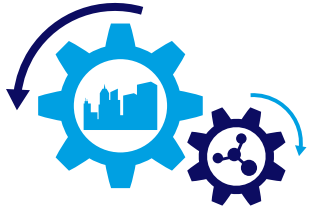

### Tailored One-on-One Meetings

iPark office will offer tailored support to match your needs and interests with potential partners.

# iPark Community Offerings

## DRIVE

**new discoveries and business milestones,  
progressing toward new frontiers in life science.**

### Funding Opportunities

iPark offers opportunities to connect members with VCs and other funding sources in Japan.

### iPark Pitch Contests

Engage in pitch contests where a panel of judges assess the strategic viability of new ventures.

### Japan's Health Innovation District

iPark is located in the heart of Japan's health innovation district. Partnership opportunities include local governments, academia, hospitals, pharma and biotech, and other health-focused organizations.

### Policy Recommendations

iPark advocates for a better local and national innovation environment. Our members are always invited to provide input on our policy recommendations and reports.
